

Greetings Juniors! I cannot tell you how THRILLED I am to announce that we will be returning to the breathtaking Ocean Place Hotel in Long Branch for our annual Convention May 18-20, 2012.

We heard your voices last year, telling us that you wanted something different. You asked for a beautiful location with, excellent accommodations, amenities, activities and an opportunity to celebrate and share our accomplishments with club members from all over the state. We have most definitely found it!

Members of the Executive Committee and I, as well as representatives from The Ocean Place Hotel worked very hard to get us the very best accommodations, amenities and service. Know that your registration dollars go to providing us with meeting and banquet rooms at a beach front top notch hotel. I personally wanted nothing more than to provide you with an amazing "time out for me" resort escape rather than returning to interior New Jersey corporate lodging. In an effort to reduce costs to you, the hotel removed the resort fee charged last year in addition to further reducing our room fee. This hotel normally charges \$199.00 per night for these dates. They are offering us Ocean View rooms at a \$30.00 discount based on double occupancy. If you did not attend yourself last year, ask a member that did...WORTH EVERY PENNY!

Other than the gorgeous accommodations and available discounted spa services, this year we plan on having more opportunities for you to kick back and have a good time with your gal pals. If you absolutely can't leave the hubby and kids at home alone, that's OK too. We have plans on having family friendly activities available while you attend the business session and evening awards banquet.

PLEASE talk to your members. Our goal is to have 95% participation from clubs and 75% from members! We will be saying goodbye and thank you to one director and welcoming another. We will also be voting on the new State Project. Please plan on joining us for a most fulfilling weekend of sisterhood.

**In Junior Spirit,
Rose Havron
Convention Chair 2012**
