Where Should We Report It?

When deciding where to report a project, the first step should be to determine the intent. For instance, if your club painted a mural on the wall of a pediatric ward in the hospital, did you do it to decorate the wall or to cheer up the patients? If you wanted to decorate the wall, the project would be reported in the Arts Community Service Program (CSP). If your club wanted to cheer up the patients, you would report this activity in the Home Life CSP. The following list provides guidance on where to report projects. Note that the projects are listed in the left column. The corresponding right column lists the NJSFWC-JM report worksheets to use.
