What better way to make a difference than by supporting your club membership!!! On **Saturday, October 25th, I challenge** all the clubs to make a difference in your own way. Whether it is to support your current membership or inviting your Junior "alumni" for a tea, this is a perfect way to show that each and every member makes a difference!

A perfect way to make a difference is by finding more out about your club's history so you can share it with potential members. Network with other GFWC Clubs to share ideas. Contact your local chamber of Commerce and find out whether your club's information can be included in the materials they send to new residents.

As you know Christopher's Director Special Project is "Membership Mania" our goal is to increase membership in 2008! Come to State Fall Conference for more details on how to achieve that goal!

ACT in OCT

GFWC members across the country are rolling up their sleeves and rolling out the red carpet to invite and excite potential new members in October! In 2003, GFWC initiated its first nationwide membership recruiting campaign, **ACT in OCT**, encouraging all GFWC clubs to organize recruiting Activities to help attract diverse, energetic, and dedicated new

members. The goal for each club in 2008 is: **Four More Would Be GREAT in OCTober '08**. Why in October? OCTober is a great time to coordinate ACTivities for recruitment. There are many health, advocacy, and fun awareness ACTivities in OCTober. These provide excellent themes for substantive, relevant, and interesting events such as: Health Literacy Month, National Breast Cancer

Awareness Month, Positive Attitude Month, and Make a Difference Day.

If you recruit 4 or more members as a result of an ACTivity in OCTober send me an email at membership@jerseyjuniors.com by 11/15 and I will report your success to GFWC headquarters to be recognized in a winter issue of GFWC Clubwoman magazine!
