Fun is Contagious!!!!

Fun is an attitude that infects a group with a sense of enjoyment, camaraderie and ease. Good feelings can translate into successful projects, happy members and maybe even more members. Making meeting enjoyable—meeting that accomplish a purpose in a pleasant and sociable way—can be accomplished with no money, little time, and minimal effort.

A few suggestions to

help you get started:

Do something fun that gets the group up and moving around.

Send a puzzle piece to each member; have them bring the pieces to the meeting to put together. Have the puzzle relate to something taking place at the meeting.

Take about 2-3 minutes to start the meeting by having

everyone ask the person on their right something unusual or exciting that happened to them since the last meeting.

Stressful meeting? Have everyone sing the chorus of their favorite song—all at the same time—for 10 seconds.

At the end of the meeting, go around the room and ask each member to state something they learned in the meeting, give thanks to another member, commit to a specific job or give a one word summary of the meeting.

Be creative and enjoy yourself!
